

A tall, stacked sandwich on a white plate. The sandwich is composed of several layers: a thick slice of white bread at the top, followed by a layer of meat (possibly beef or pork), a layer of melted yellow cheese, and a layer of green lettuce. The bottom part of the sandwich is also made of white bread, with a layer of meat and cheese visible. The sandwich is served on a white plate, and there is a small amount of orange sauce or dressing on the plate next to it.

Challenges Faced by Small Fast Food Businesses in the Community.

Hypothesis

Small fast-food businesses operate in a competitive environment. Customer service and pricing may be factors related to customer attraction and business performance.

1. What Are We Trying to Solve? HMW STATEMENT

How might we understand the challenges faced by small fast food businesses?

2. How Will We Find Solutions?

We will:

- Interview fast food business owners
- Ask customers about their experiences
- Observe how the business operates
- Compare different small fast food businesses
- Collect information about pricing, customer service, and marketing

3. What Will We Create?

We will create:

- A research report
- Interview notes
- Customer feedback summary

4. Who Will We Interview?

Segment	Criteria	Research Goal
The Business Owner	Owns a small fast food business in the community and sells food such as burgers, chips, kota, chicken, or vetkoek.	Understand the daily challenges of running a small fast food business and how owners attract customers and make profit.
The Young Customer	Young people aged 10–25 who regularly buy affordable fast food in the community.	Understand customer preferences, spending habits, and satisfaction with the food and service.
The Community Customer	Workers and community members who buy fast food for convenience and	Understand why community members support small fast food

	affordability.	businesses and what improvements they would like to see.
--	----------------	--

5. How Will We Do the Research?

Research methods

Method	Activity	Evidence Required
Interviews	Conduct one-on-one interviews with fast food business owners and customers to understand their experiences and challenges.	Interview notes and a list of key responses from participants.
Surveys/Questionnaires	Ask community members and customers questions about food quality, prices, customer service, and satisfaction.	Completed questionnaires and a summary of survey results.
Observations	Visit small fast food businesses to observe customer behavior, cleanliness, service, and business operations.	Photos of the business setup and observation notes.

6. What Are We Going to Ask?

Interview Questions

Questions for the Fast Food Business Owner

1. Why did you decide to start this business?

2. What food sells the most in your business?
3. What problems do you experience when running the business?
4. How do you attract customers to buy from you?
5. Do you think competition affects your business? Why?
6. What do customers usually say about your food or service?
7. What do you do when business is slow?
8. What changes would help your business improve?
9. How do you manage your profits and expenses?
10. What advice would you give to someone who wants to start a fast food business?

Questions for Customers

1. Why do you buy food from this business?
2. What do you enjoy most about the food sold here?
3. Do you think the prices are fair? Why?
4. How would you describe the customer service?
5. Is the business clean and hygienic?
6. What can the business improve?
7. Would you recommend this business to other people?
8. How often do you buy food from this place?
9. What type of food would you like them to add?
10. Do you think small fast food businesses help the community? How?

Here is a clean, ready-to-use **Questionnaire** based on your survey. You can copy this into Google Forms, Word, or your project sheet.
